# CITIZENS' BUDGET 2026-27

**Finance Department**  
Government of Sindh

## **MESSAGE FROM THE CHIEF MINISTER**

# SINDH

It gives me great pleasure to present the Citizens' Budget 2026-27, a simplified guide to the Government of Sindh's budget for the coming fiscal year. This publication reflects our commitment to transparency, accountability and citizen engagement by making budget information accessible and understandable for all citizens.

The Budget 2026-27 has been prepared in a challenging economic environment marked by fiscal pressures and growing development needs. Despite these constraints, the Government of Sindh remains firmly committed to safeguarding social sector spending, strengthening essential public services and investing in the long-term prosperity of our people.

This year's budget prioritizes education, healthcare, social protection, infrastructure development, climate resilience and economic growth. Significant resources have been allocated to improve schools, hospitals, roads, water supply systems, public transport and local government services across the province. Special attention has also been given to empowering women and youth, supporting vulnerable communities and creating opportunities for sustainable livelihoods.

The Government is continuing its efforts to strengthen public financial management through digital transformation, revenue reforms, transparent procurement practices and improved service delivery mechanisms. These measures are aimed at ensuring that public resources are utilized efficiently and deliver maximum value to citizens.

The Citizens' Budget enables people to understand how public funds are raised, allocated and invested for the development of Sindh. I encourage citizens, students, researchers, civil society organizations and development partners to actively engage with this document and join us in building a prosperous, inclusive and resilient Sindh.

**"Investing in People, Driving Growth, Building a Resilient Sindh"**

**Murad Ali Shah**  
Chief Minister Sindh

## **MESSAGE FROM THE FINANCE SECRETARY**

# SINDH

The Finance Department is pleased to present the Citizens' Budget 2026-27, a simplified and citizen-friendly summary of the Government of Sindh's budget priorities, fiscal policies and development plans for the coming year.

The Citizens' Budget is an important instrument for promoting transparency, public awareness and informed participation in governance. By translating complex financial information into an accessible format, it enables citizens to better understand how public resources are raised, allocated and utilized to improve public services and support development across Sindh.

The Budget 2026-27 reflects the Government's continued commitment to fiscal responsibility, efficient public expenditure and sustainable economic growth. Despite fiscal pressures and economic challenges, priority has been accorded to investments in education, healthcare, social protection, infrastructure development, local government services and climate resilience. These investments are designed to improve the quality of life of citizens, strengthen human development outcomes and create opportunities for inclusive and long-term prosperity. At the same time, the Government is advancing a broad agenda of public financial management reforms, including digital payments, financial management information systems, procurement modernization, revenue mobilization and data-driven decision-making to strengthen transparency, accountability and service delivery.

This publication forms part of our ongoing efforts to strengthen engagement between government and citizens. We acknowledge the valuable contributions of government departments, development partners, civil society organizations, academia, the private sector and citizens. We hope this Citizens' Budget serves as a useful resource and encourages greater public participation in building a prosperous, inclusive and resilient Sindh.

**Fayaz Ahmed Jatoi PAS**  
Finance Secretary
