Introduction

In order to foster economic development, achieve strategic and social goals, and better service delivery, Government of Sindh has adopted a road map for short-to-medium term policy interventions. These interventions also recommend core and subsidiary activities to achieve the overall goal of transparency, accountability, efficiency, and fiscal discipline in the management of public resources for improved service delivery and economic development.

Government is eager; *to ensure efficient and effective budget utilization, accurate and timely accounting and reporting and effective scrutiny and review of the expenditure of public resources at all levels of government; to ensure accountability of public resources and the effectiveness and lawfulness in the collection and application of public funds; to improve internal control including enhanced accountability in new emerging areas of budget making, revenue collection and accounting, reporting on results and monitoring and evaluation through improved capacity.*

As part of the PFM reform agenda Government of Sindh is striving to bring improvements in the in-year reports and year-end reports. One of the in-year reports is the Budget Execution Report (quarterly report) for the Provincial Assembly. This budget execution report presents the progressive actual revenue and expenditure in the fourth quarter of the fiscal year 2024-25 compared to the budget (revenue target and expenditure allocations). Moreover, the report presents the developments in the public account and food account, as well as the utilization of the financing instruments. The report aims to be one of the tools for the Provincial Assembly to exercise oversight on the operations of the executive. The report is also placed on the website (www.fdsindh.gov.pk) so as to inform the public about implementation of the budget of the Government of Sindh.

The Government of Sindh has embarked on a comprehensive 10-year Public Financial Management Reform Trajectory. One of the reform activities is to improve the comprehensiveness, quality and availability of budget execution reports. This quarterly budget execution report issued by the Finance Department has been improved in accordance with the reform agenda and is planned to undergo further improvements in the near future.
