the bidding process until the announcement of the evaluation report is transmitted to all bidders in accordance with ITB 37.

- 25.2 Any effort by a bidder to influence the Procuring Agency in the evaluation or contract award decisions may result in the rejection of its bid.
- 25.3 Notwithstanding ITB 25.2, from the time of bid opening to the time of announcement of the evaluation report, if any bidder wishes to contact the Procuring Agency on any matter related to the bidding process, it should do so in writing.

26. Clarification of Bids

- 26.1 To assist in the examination, evaluation, comparison of the bids, and qualification of the bidders, the Procuring Agency may, at its discretion, ask any bidder for a clarification of its bid. Any clarification submitted by a bidder with respect to its bid that is not in response to a request by the Procuring Agency shall not be considered. The Procuring Agency's request for clarification and the bidder's response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Procuring Agency in the evaluation of the bids, in accordance with ITB 30.
- 26.2 If a bidder does not provide clarifications of its bid by the date and time set in the Procuring Agency's request for clarification, its bid may be rejected.

27. Deviations, Reservations, and Omissions

- 27.1 During the evaluation of bids, the following definitions apply:

 - (b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the bidding document; and
 - (c) "Omission" is the failure to submit part or all of the information or documentation required in the bidding document.

28. Determination of Responsiveness

- 28.1 The Procuring Agency's determination of a bid's responsiveness is to be based on the contents of the bid itself, as defined in ITB 10.
- 28.2 A substantially responsive bid is one that meets the requirements of the bidding document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
- (a) if accepted, would:
 - (i) affect in any substantial way the scope, quality, or performance of the Goods and Related Services specified in the contract; or
 - (ii) limit in any substantial way inconsistent with the bidding document, the Procuring Agency's rights, or the bidder's obligations under the contract; or

(b) if rectified, it would unfairly affect the competitive position of other bidders presenting substantially responsive bids.

28.3 The Procuring Agency shall examine the technical aspects of the bid submitted in accordance with ITB 15 and ITB 16, in particular, to confirm that all requirements of Section V – Schedule of Requirements have been met without any material deviation or reservation, or omission.

28.4 If a bid is not substantially responsive to the requirements of the bidding document, it shall be rejected by the Procuring Agency and may not subsequently be made responsive by correcting the material deviation, reservation, or omission.

29. Nonconformities, Errors and Omissions

29.1 Provided that a bid is substantially responsive, the Procuring Agency may waive any non-conformities in the bid.

29.2 Provided that a bid is substantially responsive, the Procuring Agency may request that the bidder submit the necessary information or documentation within a reasonable period, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the bidder to comply with the request may result in the rejection of its bid.

29.3 Provided that a bid is substantially responsive, the Procuring Agency shall rectify quantifiable nonmaterial nonconformities related to the bid price. To this effect, the bid price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component by adding the average price of the item or component quoted by substantially responsive bidders. If the price of the item or component cannot be derived from the price of other substantially responsive bids, the Procuring Agency shall use its best estimate.

30. Correction of Arithmetical Errors

30.1 Provided that the bid is substantially responsive, the Procuring Agency shall correct arithmetical errors on the following basis:

(a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected unless, in the opinion of the Procuring Agency, there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;

(b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and

(c) if there is a discrepancy between words and figures, the amount in words shall prevail unless the amount expressed in words is related to an arithmetic error, in

which case the amount in figures shall prevail subject to (a) and (b) above.

- 30.2 Bidders shall be requested to accept the correction of arithmetical errors. Failure to accept the correction in accordance with ITB 30.1 shall result in the rejection of the bid and forfeiture of the bid security.
- 31. Conversion to Single Currency**
- 31.1 For evaluation and comparison purposes, the currency (ies) of the bid shall be converted to a single currency as specified in the **BDS**.
- 32. Margin of Preference**
- 32.1 Unless otherwise specified in the **BDS**, a margin of preference **shall not** apply.
- 33. Evaluation of Bids**
- 33.1 The Procuring Agency shall use the criteria and methodologies listed in this ITB and Section III – Evaluation and Qualification Criteria. No other evaluation criteria or methodologies shall be permitted. The Procuring Agency shall determine the most advantageous bid by applying the criteria and methodologies. The most advantageous bid is the bid of the bidder that meets the qualification criteria and whose bid has been determined to be:
- (a) substantially responsive to the bidding document; and
 - (b) the lowest evaluated cost.
- 33.2 To evaluate a bid, the Procuring Agency shall consider the following:
- (a) evaluation will be done on itemized basis (contracts), as specified in the BDS; and the bid price as quoted in accordance with ITB 13;
 - (b) price adjustment for correction of arithmetic errors in accordance with ITB 30.1;
 - (c) price adjustment due to discounts offered in accordance with ITB 13.4;
 - (d) converting the amount resulting from applying (a) to (c) above, if relevant, to a single currency in accordance with ITB 31;
 - (e) price adjustment due to quantifiable nonmaterial nonconformities in accordance with ITB 33.3; and
 - (f) the additional evaluation factors are specified in Section III – Evaluation and Qualification Criteria.
- 33.3 The estimated effect of the price adjustment provisions of the contract conditions, applied over the period of execution, shall not be taken into account in bid evaluation.
- 33.4 If this bidding document allows bidders to quote different prices, the methodology to determine the lowest evaluated cost of the package combinations, including any discounts offered in the letter of bid, is specified in Section III - Evaluation and Qualification Criteria.

- 33.5 The Procuring Agency's evaluation of a bid will include and take into account:
- (a) in the case of goods manufactured in the Procuring Agency's country, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the bidder;
 - (b) in the case of goods manufactured outside the Procuring Agency's country, already imported or to be imported, customs duties and other import taxes levied on the imported goods, sales and other similar taxes, which will be payable on the goods if the contract is awarded to bidder;
 - (c) any allowance for price adjustment during the period of execution of the contract, if provided in the bid.
- 33.6 The Procuring Agency's evaluation of a bid may require the consideration of other factors, in addition to the bid price quoted in accordance with ITB 13. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the goods and related services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of bids unless otherwise specified in the **BDS** from amongst those set out in Section III – Evaluation and Qualification Criteria. The criteria and methodologies to be used shall be as specified in ITB 33.2(f).

34. Comparison of Bids

- 34.1 The Procuring Agency shall compare the evaluated costs of all substantially responsive bids established in accordance with ITB 33.2 to determine the bid that has the lowest evaluated cost. The comparison shall be based of DDP (place of the final destination) prices for imported goods and EXW prices, plus the cost of inland transportation and insurance to the place of destination for goods manufactured within the Procuring Agency's country, together with prices for any required installation, training, commissioning and other services. The evaluation of prices shall consider custom duties and other taxes levied on imported goods quoted CIP and sales, and similar taxes levied in connection with the sale or delivery of goods.

35. Qualification of the Bidder

- 35.1 The Procuring Agency shall determine, to its satisfaction, whether the eligible bidder that is selected as having submitted the lowest evaluated cost and substantially responsive bid meets the qualifying criteria specified in Section III – Evaluation and Qualification Criteria.
- 35.2 The determination shall be based upon examining the documentary evidence of the bidder's qualifications record submitted pursuant to ITB 16. The determination shall

consider the qualifications of other firms such as the bidder's subsidiaries, parent entities, affiliates, subcontractors (other than specialized subcontractors if permitted in the bidding document), or any other firm(s) different from the bidder.

- 35.3 An affirmative determination shall be a prerequisite for awarding the contract to the bidder. An adverse determination shall result in the disqualification of the bid. In this event, the Procuring Agency shall proceed to the bidder who offers a substantially responsive bid with the next lowest evaluated cost to make a similar determination of that bidder's qualifications to perform satisfactorily.
- 36. Procuring Agency's Right to Accept Any Bid and to Reject Any or All Bids** 36.1 The Procuring Agency reserves the right to accept or reject any or all bids and annul the bidding process at any time before awarding the contract without incurring any liability to bidders. - 39. Procuring Agency's Right to Vary Quantities at Time of Award** 39.1 At the time the contract is awarded, the Procuring Agency reserves the right to increase the quantity of goods and related services initially specified in Section V – Schedule of Requirements, provided this does not exceed the percentages specified in the **BDS** and without any change in the unit prices or other terms and conditions of the Bid and the bidding document.

20. Subcontracting

- 20.1 The Supplier shall notify the Procuring Agency in writing of all subcontracts awarded under the Contract if not already specified in the bid. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. 25. Inspections and Verifications

- 25.1 The Supplier shall, at its own expense and no cost to the Procuring Agency, carry out all such verification and inspections of the Goods and Related Services as specified in the SCC.
- 25.2 The inspections and verifications may be conducted on the premises of the Supplier or its Subcontractor at point of delivery and/ or at the Goods' final destination, or another place in the Procuring Agency's Country as specified in the SCC. Subject to GCC Sub-Clause 25.3, if conducted on the premises of the Supplier or its Subcontractor, all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Procuring Agency.
- 25.3 The Procuring Agency or its designated representative shall be entitled to attend the verifications and/or inspections referred to in GCC Sub-Clause 26.2, provided that the Procuring Agency bear all of its costs and expenses incurred in connection with such attendance, including but not limited to, all traveling and board and lodging expenses.
- 25.4 Whenever the Supplier is ready to carry out any such verifications and inspection, it shall give a reasonable advance notice, including the place and time, to the Procuring Agency. The Supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the Procuring Agency or its designated representative to attend the test and inspection.
- 25.5 The Procuring Agency may require the Supplier to carry out any verifications and inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Goods comply with the technical specifications codes and standards under the Contract, provided that the Supplier's reasonable costs and expenses incurred in the carrying out of such verifications and/or inspection shall be added to the Contract Price. Further, if such verifications and inspection impede the progress of manufacturing and the Supplier's performance of its other obligations under the Contract, the due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.
- 25.6 The Supplier shall provide the Procuring Agency with a report of the results of any such test and inspection.
- 25.7 The Procuring Agency may reject any Goods or parts that fail to pass any verifications and inspection or do not conform to the specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make alterations necessary to meet the specifications at no cost to the Procuring Agency, and shall repeat the verifications and inspection, at no cost to the Procuring Agency upon giving notice pursuant to GCC Sub-Clause 25.4.
- 25.8 The Supplier agrees that neither the execution of a verifications and inspection of the Goods or any part thereof, nor the attendance by the Procuring Agency or its representative, nor the issue of any report pursuant to GCC Sub-Clause 25.6 shall release the Supplier from any warranties or other obligations under the Contract.

26. Liquidated Damages

26.1 Except as provided under GCC Clause 30, if the Supplier fails to deliver any or all of the Goods by the date(s) of delivery or perform the Related Services within the period specified in the Contract, the Procuring Agency may, without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those SCC. Once maximum is reached, the Procuring Agency may terminate the Contract pursuant to GCC Clause 35.

27. Warranty

27.1 Except as provided under GCC Clause 29, if the Supplier may terminate the Contract pursuant to GCC Clause 34.

27.2 The Supplier warrants that all the Goods are new, unused, and of the most recent or current models and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

27.3 Subject to GCC Sub-Clause 21.1(b), the Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.

27.4 Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the SCC or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier.

27.5 The Procuring Agency shall promptly notify the Supplier of the nature of any such defects, together with all available evidence, following the discovery thereof. The Procuring Agency shall afford all reasonable opportunities for the Supplier to inspect such defects.

27.6 Upon receipt of such notice, the Supplier shall, within the period specified in the SCC, expeditiously repair or replace the defective Goods or parts thereof at no cost to the Procuring Agency.

27.7 If, having been notified, the Supplier fails to remedy the defect within the period specified in the SCC, the Procuring Agency may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Procuring Agency may have against the Supplier under the Contract.

28. Patent Indemnity

28.1 The Supplier shall, subject to the Procuring Agency's compliance with GCC Sub-Clause 28.2, indemnify and hold harmless the Procuring Agency and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Procuring Agency may suffer as a result of any infringement or alleged infringement of any patent, utility model,

registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:

(a) the installation of the Goods by the Supplier or the use of the Goods in the country where the Site is located; and

(b) the sale in any country of the products produced by the Goods. Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the Goods or any part thereof, nor any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Supplier, pursuant to the Contract.

28.2 If any proceedings are brought, or any claim is made against the Procuring Agency arising out of the matters referred to in GCC Sub-Clause 28.1, the Procuring Agency shall promptly give the Supplier a notice thereof, and the Supplier may at its own expense and in the Procuring Agency's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

28.3 If the Supplier fails to notify the Procuring Agency within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Procuring Agency shall be free to conduct the same on its behalf.

28.4 The Procuring Agency shall, at the Supplier's request, afford all available assistance in conducting such proceedings or claim and be reimbursed by the Supplier for all reasonable expenses.

28.5 The Procuring Agency shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Procuring Agency.

29. Limitation of Liability

29.1 Except in cases of criminal negligence or willful misconduct,

(a) the Supplier shall not be liable to the Procuring Agency, whether in Contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Procuring Agency and

(b) the aggregate liability of the Supplier to the Procuring Agency, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment or to any obligation of the Supplier to

indemnify the Procuring Agency with respect to patent infringement.

- 30. Change in Laws and Regulation**
- 30.1 Unless otherwise specified in the Contract, if after the date of twenty-eight (28) days prior to the date of bid submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the place of the Procuring Agency's Country where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the delivery date and/ or the Contract Price, then such delivery date and/ or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 14.
- 31. Force Majeure**
- 31.1 The Supplier shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 31.2 For purposes of this clause, "Force Majeure" means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. Such events may include, but not be limited to, acts of the Procuring Agency in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.
- 31.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Procuring Agency in writing of such condition and the cause thereof. Unless otherwise directed by the Procuring Agency in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
- 32. Change in Orders and Contract Amendments**
- 32.1 The Procuring Agency may at any time order the Supplier through a notice in accordance with GCC Clause 7 to make changes within the general scope of the Contract in any one or more of the following:
- (a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Procuring Agency;
 - (b) the method of shipment or packing;
 - (c) the place of delivery; and
 - (d) the Related Services to be provided by the Supplier.
- 32.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract

Price or the delivery/ completion schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier's receipt of the Procuring Agency's change order.

32.3 Prices to be charged by the Supplier for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.

32.4 **Value Engineering:** The Supplier may prepare, at its own cost, a value engineering proposal at any time during the performance of the Contract. The value engineering proposal shall, at a minimum, include the following:

- (a) the proposed change(s), and a description of the difference to the existing contract requirements;
- (b) a full cost/benefit analysis of the proposed change(s), including a description and estimate of costs (including life cycle costs) the Procuring Agency, may incur in implementing the value engineering proposal; and
- (c) a description of any effect(s) of the change on performance/functionality.

The Procuring Agency may accept the value engineering proposal if the proposal demonstrates benefits that:

- (a) accelerates the delivery period; or
- (b) reduces the Contract Price or the life cycle costs to the Procuring Agency; or
- (c) improves the quality, efficiency or sustainability of the Goods; or
- (d) yields any other benefits to the Procuring Agency without compromising the necessary functions of facilities.

If the value engineering proposal is approved by the Procuring Agency and results in:

- (a) a reduction of the Contract Price; the amount to be paid to the Supplier shall be the percentage specified in the PCC of the reduction in the Contract Price; or
- (b) an increase in the Contract Price, but results in a reduction in life cycle costs due to any benefit described in (a) to (d) above, the amount to be paid to the Supplier shall be the full increase in the Contract Price.

32.5 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by a written amendment signed by the parties.

33. Extension of Time 33.1 If at any time during the performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Related Services pursuant to GCC Clause 12, the Supplier shall promptly notify the Procuring Agency in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier's notice, the Procuring

Agency shall evaluate the situation and may, at its discretion, extend the Supplier's time for performance, in which case the parties shall ratify the extension by amendment of the Contract.

- 33.2 Except in the case of Force Majeure, as provided under GCC Clause 31, a delay by the Supplier in the performance of its delivery and completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 2 unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 33.1.

34. Termination

34.1 Termination for default

- (a) The Procuring Agency, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate the Contract in whole or in part:
- (i) if the Supplier fails to deliver any or all of the Goods within the period specified in the Contract or within any extension thereof granted by the Procuring Agency pursuant to GCC Clause 33;
 - (ii) if the Supplier fails to perform any other obligation under the Contract; or
 - (iii) if the Supplier, in the judgment of the Procuring Agency, has engaged in fraud and corruption, as defined in the SPP Rules, in competing for or executing the Contract.

However, the Supplier shall continue the performance of the Contract to the extent not terminated.

34.2 Termination for Insolvency

- (a) The Procuring Agency may at any time terminate the Contract by giving notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In such event, the termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue to the Procuring Agency.

34.3 Termination for Convenience

- (a) The Procuring Agency, by notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for convenience. The notice of termination shall specify that termination is for the Procuring Agency's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.
- (b) The Goods that are complete and ready for shipment within twenty-eight (28) days after the Supplier's notice of

termination shall be accepted by the Procuring Agency at the Contract terms and prices. For the remaining Goods, the Procuring Agency may elect:

- (i) to have any portion completed and delivered at the Contract terms and prices; and/or
- (ii) to cancel the remainder and pay the Supplier an agreed amount for partially completed Goods and Related Services and materials and parts previously procured by the Supplier.

35. Assignment

35.1 Neither the Procuring Agency nor the Supplier shall assign, in whole or in part, their obligations under this Contract, except with prior written consent of the other party.

**36. Export
Restriction**

36.1 Notwithstanding any obligation under the Contract to complete all export formalities, any export restrictions attributable to the Procuring Agency, to the country of the Procuring Agency, or the use of the products/goods, systems or services to be supplied, which arise from trade regulations from a country supplying those products/ goods, systems or services, and which substantially impede the Supplier from meeting its obligations under the Contract, shall release the Supplier from the obligation to provide deliveries or services, always provided, however, that the Supplier can demonstrate to the satisfaction the Procuring Agency and of the Government that it has completed all formalities in a timely manner, including applying for permits, authorizations and licenses necessary for the export of the products/ goods, systems or services under the terms of the Contract.
